Welcome Back!

We hope you have all had a fabulous summer and are extremely excited to welcome you back to the 2022-2023 school year at VES. We thought we would highlight a few things you need to know for the first day back.

Helpful information for the first day:

- To find your child's classroom teacher, please use your [parent portal account](#). If you need help with this, please contact the school and we can help you.
- To find your child's supply list, please click [here](#).
- We have had some changes as to locations of classrooms, please see the attached map for entrances and classrooms.
- Microwaves are available in classrooms. Students have 20 minutes to eat their lunches. In order to allow all students to have the opportunity to have a heated lunch, we will be limiting the heat time for students to around 1 min. Do not send food that has to be cooked as there is not enough time to allow everyone to eat if students are cooking food. Please read labels carefully. Thermos containers are a great option for hot food.
- Visitors are welcome to our school! Please check in at the office upon arrival so we know you are visiting. We will have visitor badges to identify you as a safe person for our students.
- To avoid congestion in our hallways and disruptions to classrooms, we are asking parents to wait at the office or outside the school for pick up at the end of the day. We have two pick up zones to reduce parking issues. Please see the attached map for these zones.

If you have any questions or concerns, please feel free to contact us. We are looking forward to seeing all of our VES school family!
