Grade Three School Supplies
2021 - 2022

The following is a list of supplies that the Grade 3 students will require for the new school year. Requirements of individual classroom teachers may vary slightly. **Please label each item with your name.** We encourage you to use a book bag or backpack for carrying your homework to and from school so your books stay dry and in good condition.

*Please note that we go skating and play other snow activities outside during class in Physical Education in the winter months. While it is not mandatory that your child skate (they can play broomball or other snow activities outside during class), they are required to wear a certified **hockey** helmet to be allowed on the ice if they choose to skate. Bicycle helmets are not accepted. You are not expected to go out and buy a helmet and skates just for this activity, but we would like to give you as much time as possible to try to plan for this if you choose. Students are expected to dress appropriately for outdoor activities. Swimming lessons are also a part of Grade 3 Physical Education. Your child will therefore require a swimming suit.*

PLEASE DO NOT SEND LIQUID PAPER OR WHITE OUT
