Highlights of the School Council Year

We begin each meeting with VES bouquets. This allows the parents to celebrate all the good things that are happening within the school. It allows the board and leadership team of VES to hear about what the parents like about what is happening within the school. At each meeting, the board shares the news from BTPS. This news includes policy changes, staffing, infrastructure, transportation, and updates from the committees the board members serve on within the province. The administration team shares the happenings of VES, the celebrations of our school, programming that happens at the school, budget, staffing, policies and procedures that guide the work at the school. Administration held parent sessions around strategies to build numeracy skills. They shared how parents could support building numeracy skills at home as well. As a parent council, we are given time to provide input into each of those areas.
